1 Running a Meet

1.1 Phases and Rounds

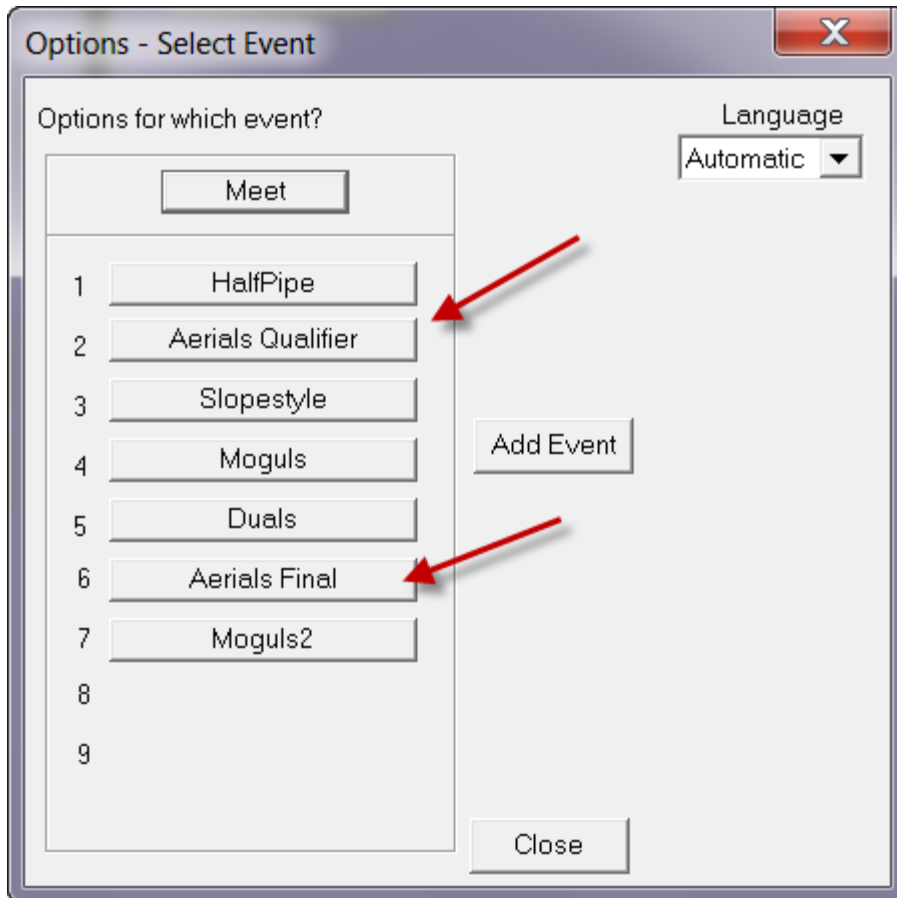

There are usually 2 phases – Qualifier and Finals. The Qualifier has 1 or 2 rounds (Q1 and Q2). Finals can have up to 9 rounds (F1, F2, F3, ...).

When there is a Q2, then the top N people from Q1 get a bye straight to F1. Of the remainder, M competitors that didn't get a bye will compete in Q2. The winners of Q2 join those that got a bye and move to F1.

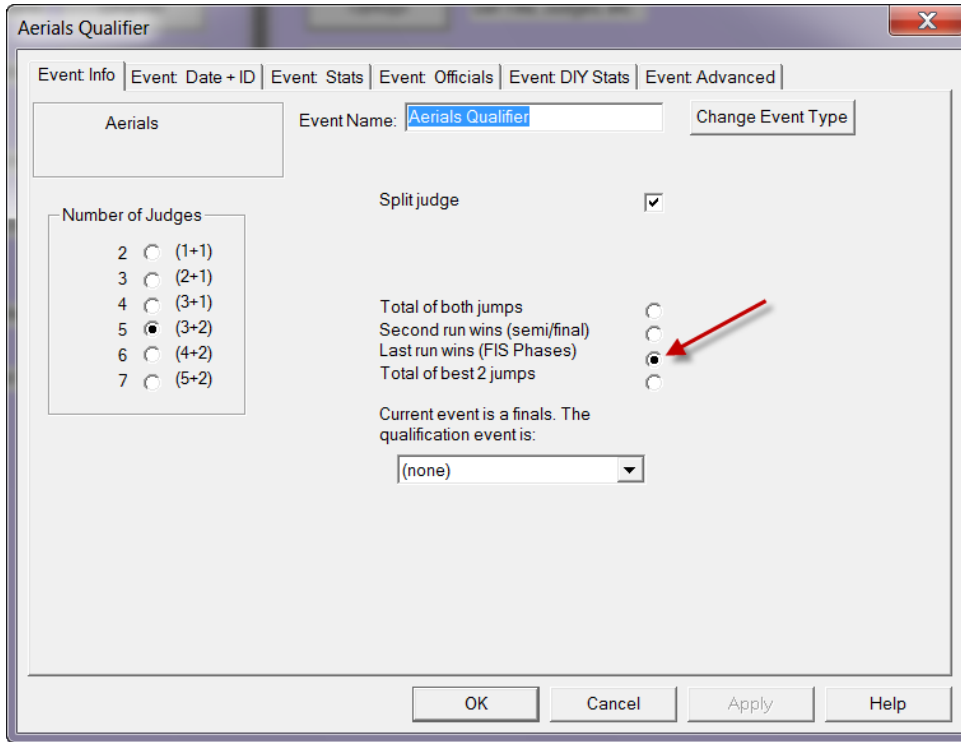

Round F1, F2, F3, ... will have successively fewer skiers.

1.2 Setup

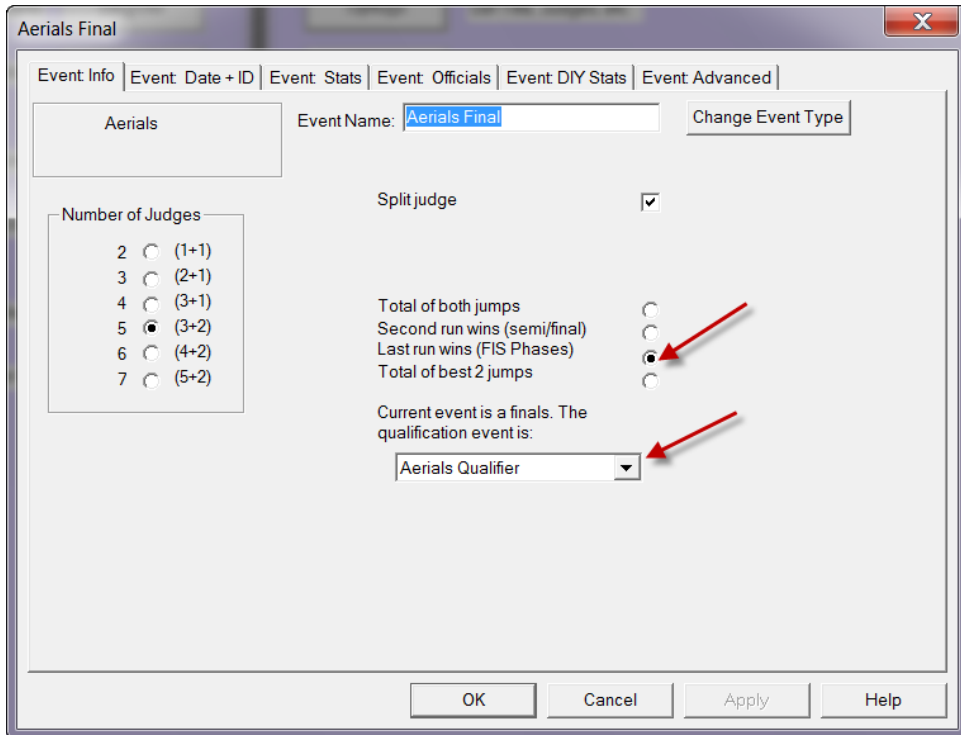

Make each phase an event.

For the first, use “Last run wins (FIS Phases).”

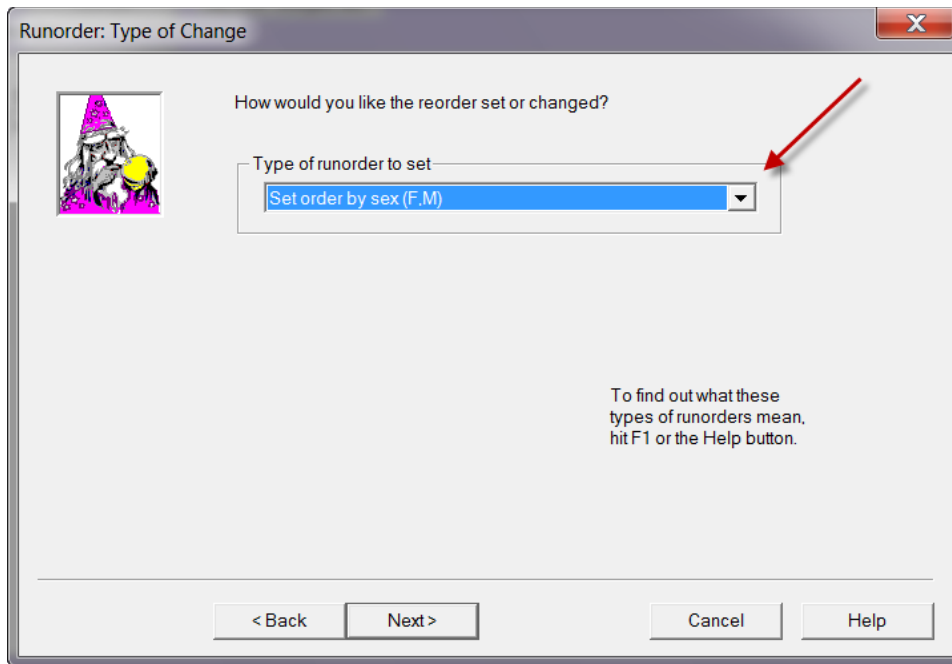

For each additional phase, use last run wins. Also make it a final for the previous phase.
